NOTIFICATION TO OR APPROVAL OF
THE DIRECTOR OF LOGISTICS PRIOR TO UNDERTAKING
CONTRACTUAL RELATIONSHIPS WITH CERTAIN CONTRACTORS

25X1

1. The purpose of this amendment is twofold. First, it removes all contractors placed on Procurement Note ☐ solely for reasons of foreign ownership, control, or influence (FOCI) and reestablishes them on Procurement Note ☐ which, at the same time, establishes new FOCI procedures. Secondly, this amendment summarizes all contractors remaining on ☐

2. It is possible that a contractor may be placed both on ☐ While this might otherwise be redundant, the intent of doing so is to be able to identify all "FOCI ineligible" contractors immediately and to facilitate a FOCI data base within the Contract Information Branch (CONIF).

3. ☐ "Firms Ineligible for Contract Award Because of FOCI," establishes the procedures necessary to implement Agency FOCI policies established in ☐ dated 20 March 1984. It further lists all contractors currently ineligible for contract award.
